

Southeast Regional Autism Center presents...

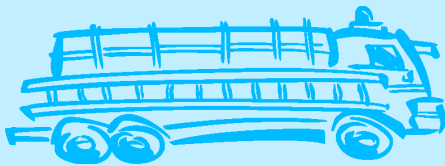

# SALUTE to SAFETY

SATURDAY, APRIL 17, 2010

11 AM - 2 PM

## NORTHERN LITTLE LEAGUE FIELDS

Pialmond Road  
Columbus, GA

**SALUTE to SAFETY** is an event created to help children with special needs become confident with law enforcement and emergency service providers while having fun!

- + Children can climb aboard fire trucks and ambulances, and enjoy other family activities!
- + Parents can register their children with STAR Kids emergency care plan!
- + While you're there, watch a Challenger baseball game! (BBQ lunch available; proceeds to support the teams.)

*The Southeast Regional Autism Center, a program of May Institute, offers a comprehensive set of educational and behavioral services to children and their families, private agencies, and public schools throughout the Tri-County area and beyond. The Center also provides services to military families stationed at Fort Benning and other bases across the Southeast. This program is affiliated with the National Autism Center.*
